## Análise do período

# Search Console – Novembro/2025

## Resumo Geral

O mês de novembro apresentou um comportamento misto no Search Console. Embora os **cliques tenham caído**, houve **expansão significativa de impressões e melhora da posição média**, indicando aumento real de visibilidade.

Os números consolidados são:

- **Total de cliques:** 1.383 (queda de -13,83% vs. outubro)
- **Total de impressões:** 207.816 (aumento de +23,89%)
- **CTR médio:** 0,67% (queda de -30,45%)
- **Posição média:** 6 (melhora de -22,52% vs. posição média 7)

## Leitura:

O domínio apareceu mais e subiu posições, mas converteu menos cliques. Isso demonstra perda de atratividade dos snippets, mesmo com maior relevância algorítmica.

## Leitura Geral do Mês

Novembro mostrou expansão clara na presença do SFTL nas buscas – mais páginas sendo exibidas e maior competitividade nas SERPs. Porém, essa exposição não se transformou em tráfego.

A queda do CTR, combinada com mais impressões, aponta para:

- snippets pouco competitivos,
- titles e descriptions genéricos,
- concorrentes obtendo mais cliques mesmo com posições próximas.

A melhora da posição média reforça que o conteúdo continua relevante, mas a mensagem exibida ao usuário não está incentivando o clique.

## Desempenho por Consultas

O recorte de consultas revela:

- termos institucionais como “solve for tomorrow” e “solve for tomorrow latam” tiveram **queda proporcional de cliques**, mesmo mantendo posições fortes;
- consultas educacionais como *aprendizaje basado en proyectos*, *ciencias naturales*, *proyectos STEM escolares* registraram aumento de impressões, mas **queda de CTR**;
- consultas de cauda longa tiveram exposição ampliada, porém baixa atratividade no snippet;
- houve aumento de impressões em diversos termos no espanhol, especialmente nas páginas de curso e entrada STEM — mas sem ganho de clique.

### Leitura:

O conjunto de consultas se expandiu, mas o usuário não escolheu o SFTL na mesma proporção.

### Desempenho por Páginas

A análise por páginas mostra:

- aumento de impressões em páginas do curso em espanhol e português;
- queda de CTR nas páginas país (Argentina, Chile, Brasil, México);
- práticas inspiradoras e módulos tiveram mais alcance, porém perderam cliques;
- páginas com titles genéricos e descrições padronizadas foram fortemente penalizadas em CTR;
- aumentou a quantidade de páginas aparecendo para novos termos — mas sem retenção.

### Leitura:

O Search Console confirma que a indexação está subindo, mas a atratividade da mensagem (title + description) está fraca.

## 5. Insights Críticos do Mês

- Crescimento de impressões sem aumento de cliques é o **principal alerta**.

- O projeto entrou em mais SERPs, mas não está conseguindo capturar o clique.
- O CTR caiu 30%, o que é significativo considerando a melhora de posição.
- O conteúdo continua relevante, mas a comunicação exibida no snippet não acompanha o crescimento de visibilidade.

## 6. Recomendações (SEO + Search Console + IA Search)

*(Formato obrigatório do SFTL desde setembro/2025)*

### Recomendações imediatas

1. **Reescrever titles e meta descriptions** nas páginas: país, práticas, curso e módulos, focando em:
  - benefícios claros,
  - ações práticas,
  - reforço do contexto educacional.
2. **Criar variações semânticas reais** para páginas importantes, evitando titles idênticos em níveis diferentes.
3. **Aplicar FAQ estruturado** nas páginas com maior impacto de impressões para melhorar CTR.
4. **Reforçar conteúdo de alto interesse educacional**, incluindo termos emergentes como:
  - “projeto STEM escolar”,
  - “como funciona aprendizagem baseada em projetos”,
  - “recursos para professores”.

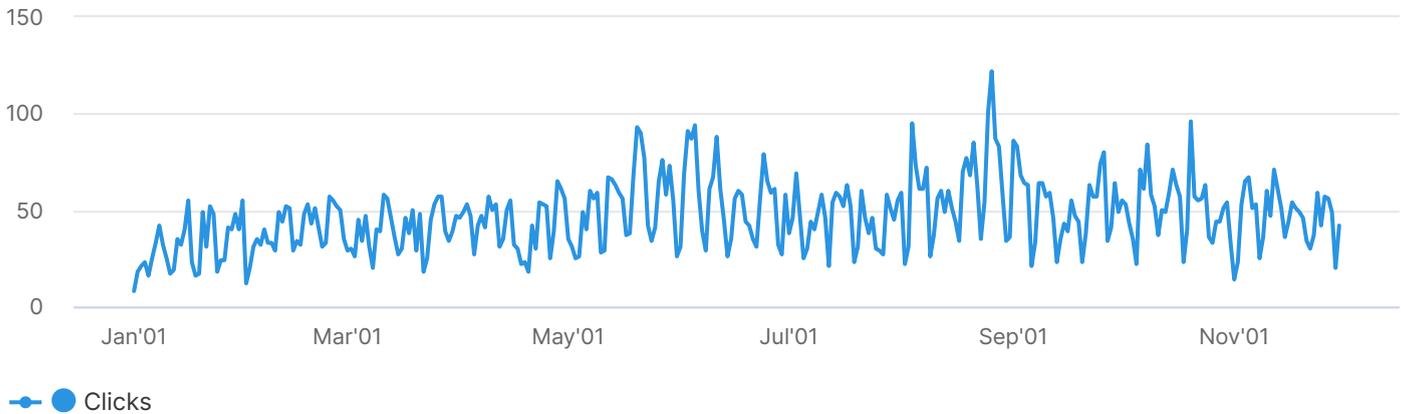

### Recomendações estratégicas (IA Search)

5. Incluir seções explicativas e definicionais para IA search (SGE, Perplexity e You.com).
6. Aplicar blocos de resumo editorial no início das páginas (2–3 linhas) para facilitar o consumo por modelos generativos.
7. Aumentar o uso de headings intermediários para melhorar granularidade semântica.
8. Criar clusters complementares de conteúdo por país, reforçando relevância local.

## Por ano - 2024 para 2025
